A Warm Welcome

Welcome to VEZA. Every piece in our collections is drawn from a place — a valley, a stone, a memory — and shaped slowly by hand in our Harare atelier. This little book is here to make your time with us feel quiet and considered, whether you are browsing the archive, requesting a bespoke commission, or waiting for a piece to arrive at your door.

The atelier home page — the entrance to VEZA online.

WHAT YOU'LL FIND INSIDE

Creating your account, browsing collections and the coming International Fashion Week edit, placing orders with courier selection, tracking your delivery, and beginning a bespoke commission with our founder Khanyisile.

Creating Your Account

Your VEZA account is a small private drawer — a place to see your orders, manage your delivery details, and correspond with the atelier about commissions. Creating one takes a moment.

01 Visit the account page

Open the person icon at the top-right of any page, or navigate to /account. Choose 'Create an account'.

02 Enter your details

Full name, email, and a password of at least ten characters. We ask for a phone number only when it is needed for delivery.

03 Confirm and enter the atelier

You are signed in immediately. Your orders and profile live under 'Account' from that point on.

STUDIO ACCESS

The client sign-in page. New clients choose 'Create an account'.

Browsing the Collections

Our work is arranged into a small number of collections — each drawn from a landscape or a moment. Some pieces are ready to ship; some are coming soon and will open with a soft countdown on the collection card.

The Collections index. Live collections invite you in; coming-soon editions carry a gentle countdown.

THE INTERNATIONAL FASHION WEEK COLLECTION

This edit opens on 10 September 2026, the first day of New York Fashion Week. Until then the card counts down; pieces become available to reserve the moment the countdown ends.

On a phone: the same collections, arranged for a single hand.

The Product Page

Each piece has a page of its own — with a small gallery, a description of the stone and the making, and, where a piece is available in more than one material, a quiet toggle between 18k gold and sterling silver. The price adjusts as you toggle.

01**Read the stone**

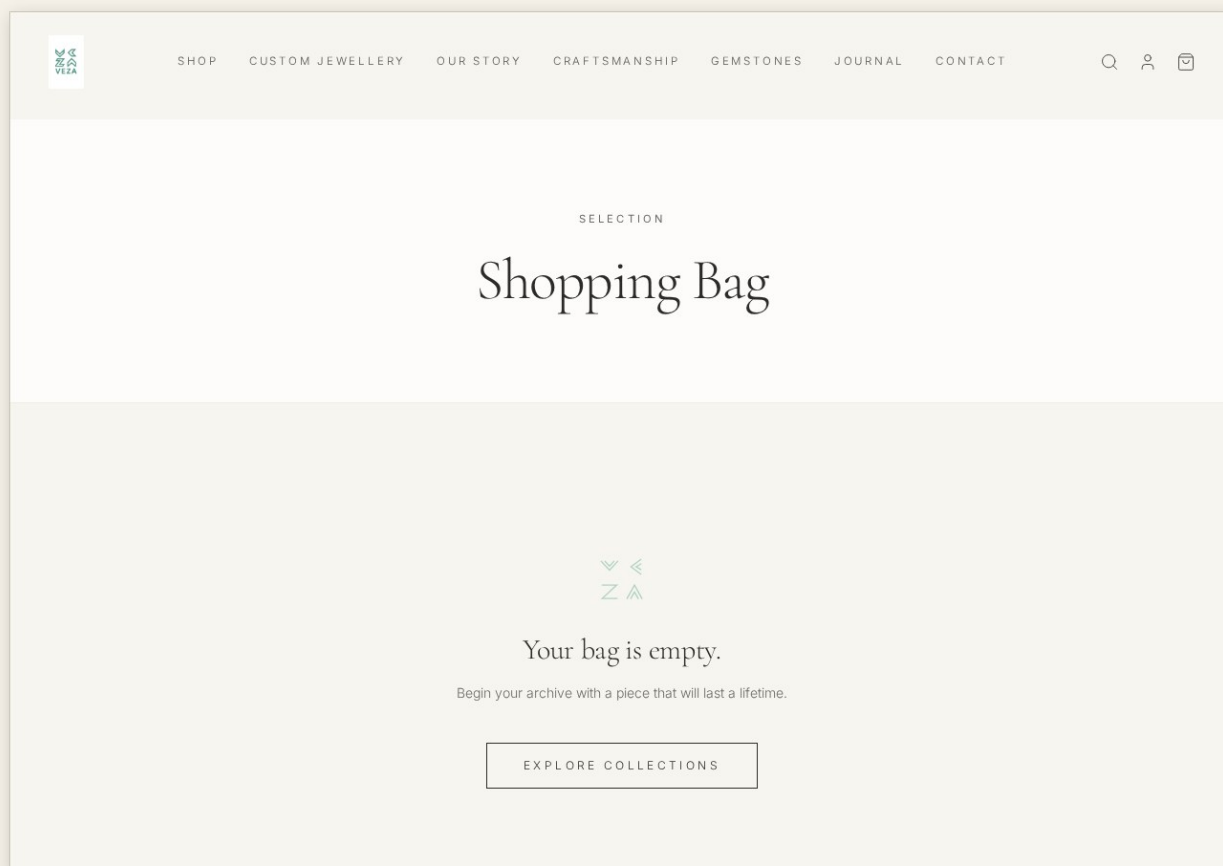

Provenance, cut, and any inclusions worth naming. VEZA does not hide the character of a stone.

02**Choose your material**

Where offered, switch between 18k gold and sterling silver. Prices update immediately.

03**Share, or add to cart**

The share button beside the price copies a link or opens WhatsApp, Instagram, or email — for showing a friend, or asking Khanyisile a question.

Your cart, with material-aware pricing preserved from the product page.

Cart & Multi-Piece Orders

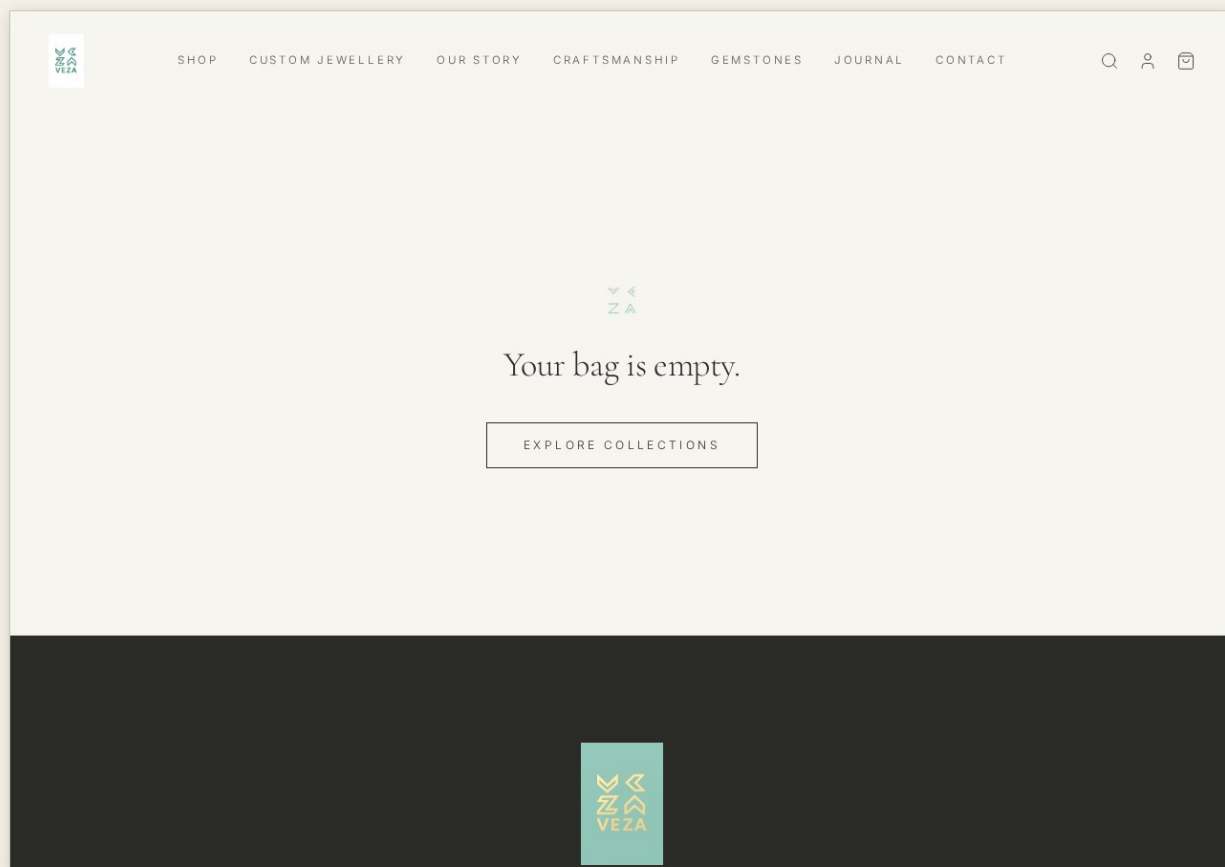

You may hold as many pieces in your cart as you wish. Quantities can be adjusted from the drawer or the full cart page. Subtotal is shown in United States dollars; shipping is calculated at the next step, once we know where the parcel is going.

MULTI-PIECE ORDERS

If you are ordering more than one piece, we consolidate them into a single courier movement wherever possible. Larger orders are packed in the same linen pouch set and travel together.

Checkout & Courier

Checkout unfolds in three quiet steps. Your details, then the delivery address, then a courier choice. VEZA does not lock you into a single shipper — we offer DHL, FedEx, and where relevant a hand-delivery option within Zimbabwe. Rates are drawn from a table maintained by the atelier and vary by destination.

The checkout page. Courier selection is presented on the same screen as the total.

01

Delivery details

Full name, address, postal code, and a phone number the courier can reach.

02

Courier & rate

Pick from the couriers we serve your country with. Each row shows the estimated transit window.

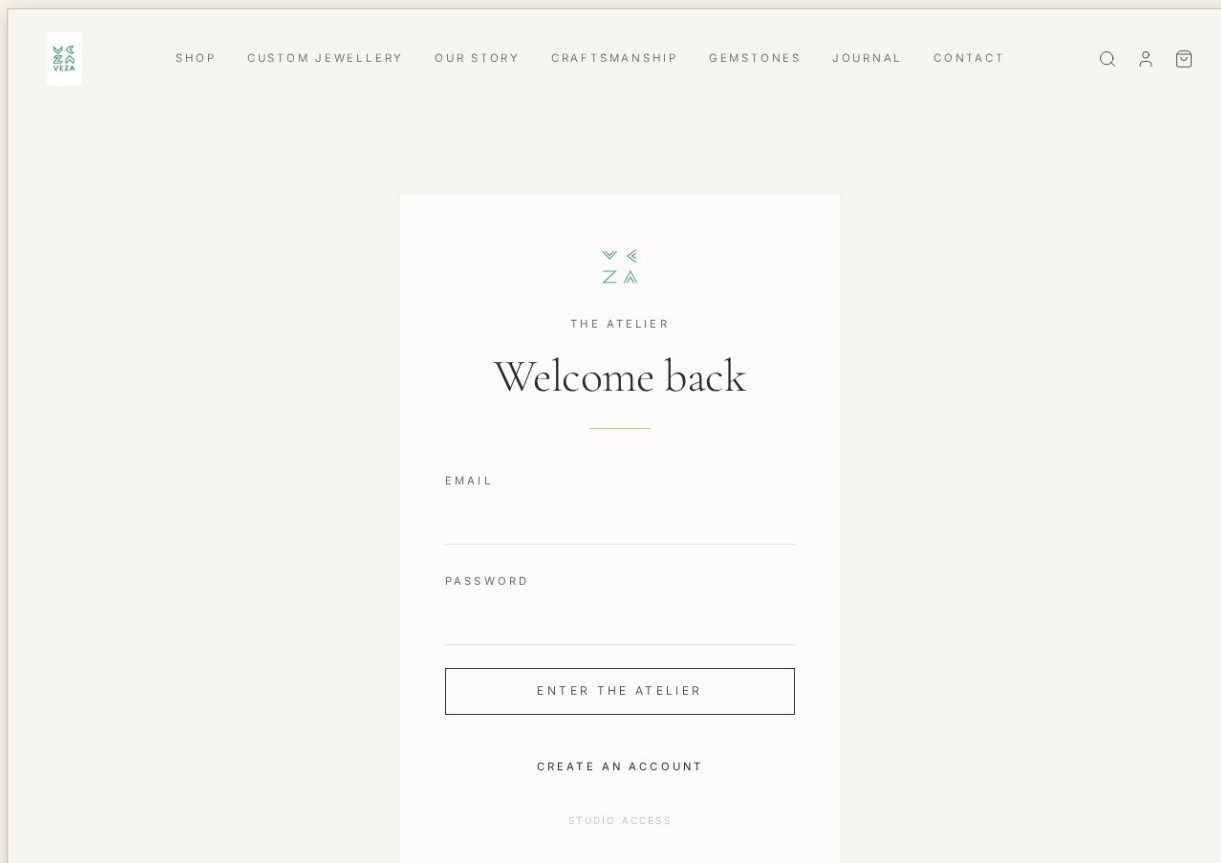

03

Payment

You confirm the order. If the atelier has activated card payments you are taken to a secure Stripe checkout; otherwise you receive an order-request confirmation and payment instructions by email.

Order Confirmation & Tracking

The moment your order is received we send you a confirmation. Progress is then reflected on your account page, on the order card — a small vertical timeline with four stages: received, in the atelier, dispatched, delivered.

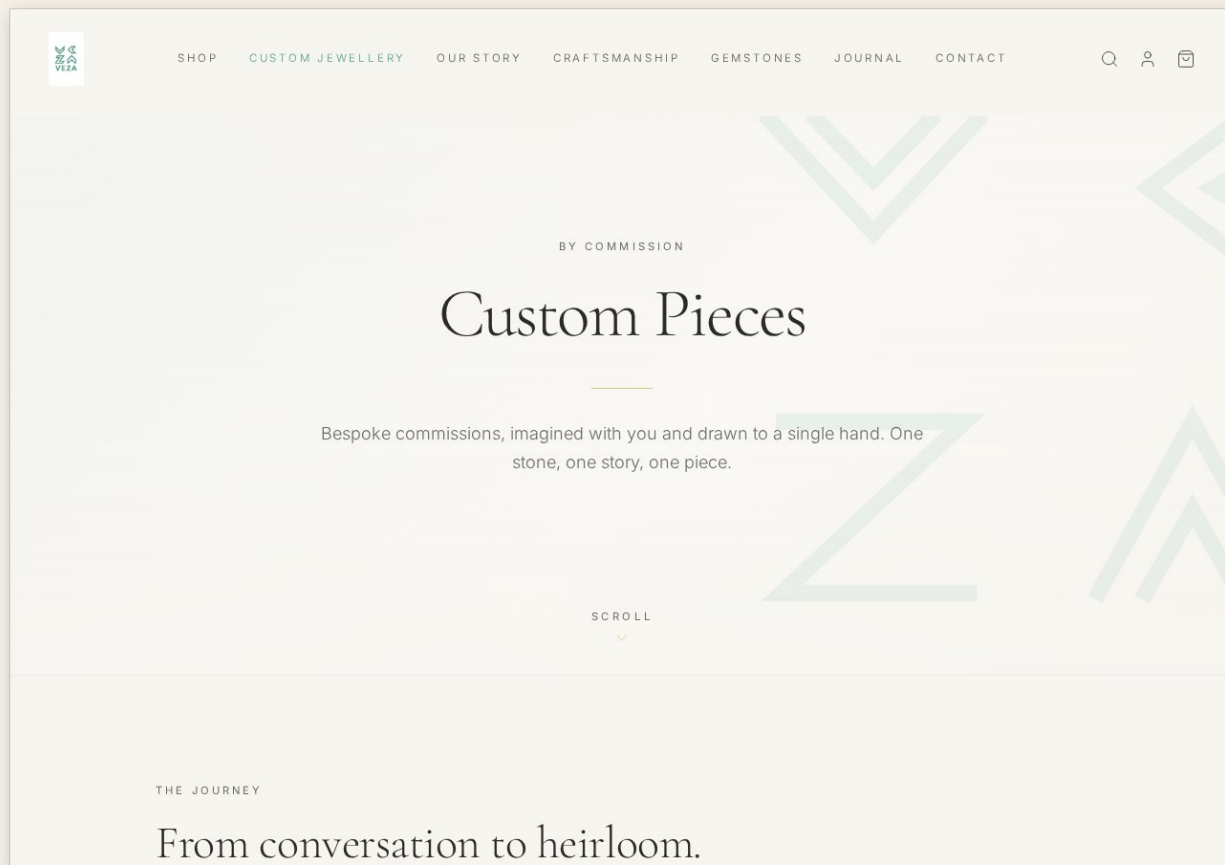

Your account — orders in progress and, when signed in, quick access to open commissions.

IF SOMETHING IS NOT AS EXPECTED

Reply directly to the confirmation email or write to hello@veza-studios.com. The atelier reads every message; Khanyisile personally responds to bespoke requests and to concerns about delivery.

Bespoke Commissions

Bespoke work at VEZA begins with a conversation. Tell us the stone, the person, or the occasion — a ring for a marriage, a pendant that carries a piece of Zimbabwe home — and we return with a sketch, a stone selection, and a range.

The Custom Jewellery page. Every commission begins here.

01

Send us the shape of the idea

Occasion, budget, silhouette, and any references. There is no wrong amount of detail.

02

Receive a proposal

A sketch, stone options, and an estimate — usually within one atelier week.

03

Approve and begin

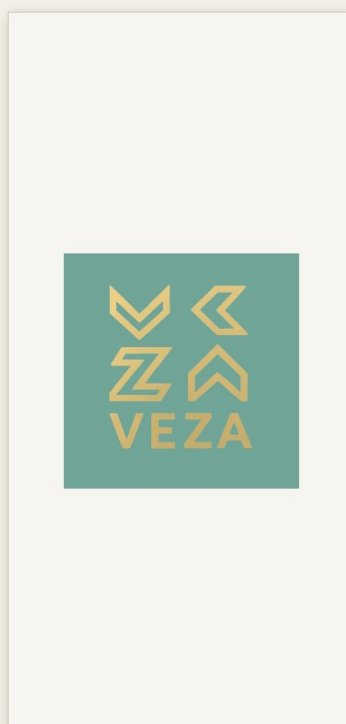

A deposit secures the stones. You are updated at each meaningful stage — casting, setting, finishing.

Reaching the Atelier

The atelier is on Sam Nujoma Street in Harare. We are open by appointment for fittings and stone viewings, and answer messages Monday through Friday.
